

Trainee Recovery Worker - Role Profile

Supporting the delivery of high-quality person-centered Substance Misuse & health and wellbeing interventions

WHAT I AM ACCOUNTABLE FOR:

Following a period of induction, you will take part in a range of core training sessions throughout the first year to provide you with the knowledge and skills to deliver a range of interventions and work successfully in a substance misuse setting.

During year one you will be accountable for:

- Engaging and contributing fully with the training and development on offer;
- Developing the skills required to effectively triage, assess, risk manage and develop recovery plans for a caseload of service users;
- Work as part of a team and shadowing and supporting recovery workers and clinical staff as required in both 1-1 and group settings (face to face and virtual);
- Developing your awareness of advice and harm reduction approaches through supporting the team and service users;
- Providing brief interventions and progressing during the year to carry an allocated caseload of less complex service;
- Actively service users in their recovery plans, supporting them to reach their personal goals;
- Develop the skills to deliver a range of online and face to face psychosocial intervention groups;
- Develop and maintain knowledge of local community resources in support of asset-based recovery work;
- Assessing and identifying risks in your day-to-day work and acting upon immediate risk of danger or safeguarding issues;
- Sharing/reporting risks, concerns and incidents with a manager;
- Ensuring achievement of key performance indicators relevant to your role;
- Ensuring all paperwork and recording in accordance with Turning Point policy and procedure and follow information governance guidelines.

HOW I OPERATE:

Values Led Leadership

- Demonstrate a positive attitude to your work;
- You will enjoy helping others and supporting individuals to achieve their goals;
- Being a great team member and working collaboratively will be something you enjoy;
- Maintain a high-level belief in our service user's capacity to change and model a non-judgemental approach;
- Reflective practice, learning and effective team work;
- Maintain professional boundaries and present a professional image at all times;
- Treat everyone with respect and promote individuals equality, diversity and rights.

WHAT I NEED:

Skills\Knowledge

Essential:

- You will be personable, a good listener and communicator
- A keen sense of social justice
- An interest in the social care sector within the field of drugs and alcohol
- Emotionally intelligent and positive
- Organised with basic IT skills

Desirable:

- Previous experience of working in a health and social care setting
