

Clinical Services Manager

Role Profile *...Leading the delivery of quality, effective and safe clinical services for the people we support*

WHAT I AM ACCOUNTABLE FOR:

- Providing overall leadership alongside Clinical Lead for the delivery and development of high quality, safe and effective clinical practice and pathways;
- Line management of nurse prescribers, nurses, pharmacists and other colleagues within service;
- Ensure the clinical supervision of nurse prescribers, nurses and/or pharmacists, including delivery when required
- Implementing and complying with legislatively and regulatory imposed statutory health and safety standards;
- Working with service users with respect and dignity at all times.
- Leading the achievement of clinical KPIs;
- Working with SOM/OM to ensure financial targets are met through delivering cost effective clinical interventions;
- Through monitoring, audit and supervision ensuring a high standard of clinical record keeping in line with organisation policy/procedures;
- Ensuring the clinical service operates within the CQC regulatory standards, organisational clinical policy and procedures and safeguarding policies and procedures;
- Ensuring medication is administered safely in line with PGDs/PSDs and organisational guidance ;
- Leading effective medicines optimisation processes including clinical checks, controlled drug process monitoring, other medication storage and stock compliance/recording processes in line with policy;
- Alongside Clinical Lead, leading the identification, mitigation and escalation of clinical delivery risk to ensure continual service quality improvement;
- Leading development of clinical pathways with clinical partners;
- Contribute to organisations growth and business development;
- Person-centred clinical service delivery as required within competence.

HOW I OPERATE:

- I create an inclusive and positive environment to enable my team to thrive;
- I actively take ownership and accountability for my own and my team's personal and professional development;
- I provide practice oversight, blended feedback and coaching to support continual practice development;
- I am an advocate for change, and lead my team through change;
- I listen to and support my teams and I am person centred in my approach to colleagues and people we support;
- I support my teams to deliver positive outcomes, creating space for new ideas and thinking;
- I appropriately manage the resources of my team in the budget available,
- I maintain professional boundaries, adhere to my professional registration requirements and always represent my organisation positively.
