

Data Administrator – Role Profile

Supporting the delivery of services through leading the provision of high-quality administrative services

WHAT I AM ACCOUNTABLE FOR:

Data Requirement:

- PHE (NDTMS / DET inputs and upload compliance to MOJ standard and linked to PHOF compliance framework)
- Review of PHOF modules (Clinical and Psycho-social)
- Monthly / Quarterly reporting
- Trend analysis
- Retrospective matching of data
- Produce Tower Hamlets TTG data reports (Including weekly activity)
- Produce Hackney TTG data reports (Including weekly activity)
- Monitoring of Tower Hamlets and Hackney uploaded data to ensure compliance (Post 21 day release)
- Monthly meeting with Tower Hamlets and Hackney data leads to review performance

Oversight of administrative services:

- Leading on ensuring efficient administrative processes within the service;
- Overseeing the local financial system including purchase orders and petty cash;
- Overseeing local health and safety systems and records;
- Leading on stock management and ordering;
- Overseeing and providing administrative services including reception services, telephone support, referrals, correspondence and general administrative support;
- Providing regular monitoring and measurement statistics and carrying out data validation and accuracy checking exercises;
- Compiling data for audit and outcome monitoring purposes;
- Ensuring accurate records are maintained of meetings within the service
- Ensuring all activities completed are appropriately documented on client electronic case record
- Engaging and contributing fully with the training and development on offer
- Reviewing your own performance and development needs, taking in part in competency assessment to identify further training and development requirements.

HOW I OPERATE:

Values Led Leadership

- I create an inclusive and positive environment to enable my team to thrive;
- I work together with others to get the best possible outcomes;
- I put the people we support at the heart of everything I do;
- I treat others with respect, actively listen and embrace others points of view;
- I maintain a high level belief in the abilities of people we support and model a non judgemental approach;
- I maintain professional boundaries and present a professional image at all times;
- I actively seek opportunities to develop myself and my team;
- I take ownership and accountability for my actions and decisions.

WHAT I NEED:

Skills \ Knowledge

Essential :

- Ability to be able to understand and interpret data
- Anticipate service / partner performance needs based on available data
- Make recommendations to service lead on performance trends / corrective requirements
- Ability to use Microsoft office applications to a high standard
- Ability to work as part of a team, demonstrating support to other team members and other teams
- Good written and oral communication skills
- Customer focused approach to both internal and external customers

Desirable :

- Previous experience of working in a health and social care setting
